CE

Declaration of Performance (DoP)

1. General	
Number	S-0001
Product type	Angara 2012
Intended use of the product	Multi-firing sauna stoves fired by natural wood logs for space heating in residential buildings
The product conforms to the following standards	Products are tested in accordance to the methods described in the standard EN 15821:2010
Notified body Number Test report number	VTT Expert Services Ltd 0809 VTT-S-02978-14
2. Declared performance	
Fire safety Safety distance to combustible materials: - back wall - side wall - ceiling - height of sauna room	 - 380 mm - 380 mm - 1200 mm - 2100 mm
Emission of combustible products	Pass
Surface temperature	Pass
Release of dangerous substances	NPD
Cleanability	Pass
Flue gas temperature	492 °C
Mechanical resistance	Pass
Thermal output and Energy efficiency, as: - carbon monoxide emission at 13% O2 - total efficiency - flue draught - thermal output (i.e. nominal space heating output)	 - Pass (0,47%) - Pass (60%) - 12 Pa - 17 kW
Durability	Pass
NPD = no performance determined	
The performance of the product identified under 1 is in conformity with characteristics declared under 2. This declaration of performance is issued under the sole responsibility of the manufacturer.
